

# JARRETT T SERIES SLASHERS\*

*"We chose Jarrett slashers for the maintenance of all spectator areas and car parks."*

— M. Easthope, Course Supervisor, Eastern Creek Raceway

The EHDT240 twin gearbox slasher, from rear

The EHDT240 twin gearbox slasher, from front

## General construction

- 5mm steel deck sheet
- 12mm steel reinforced gearbox plate (17mm total thickness for gearbox mounting)
- Obstruction free top deck (no debris collection points)
- Obstruction free cutting chamber
- Strong RHS linkage frame with clevis hitch lifting pins
- Built-in front and rear discharge deflector plates
- Adjustable skids with top and side gussets
- Contour float/fixed headstock

## Gearboxes, driveshaft & clutch

- Quality Jarrett Australian-made gearboxes
- Quality Jarrett Australian-made 1:1 splitter box
- Gearbox speed ratio: 1:1.95
- Gearbox rating: 83kw (110hp)
- Series 8 telescopic triangular shaft
- 4 friction plate 200mm clutch
- Precision flexible solid rubber drive gearbox couplings

## Cutter discs

- Tapered splined hub
- Fabricated cutting disc for maximum strength and shock protection
- Spring steel Jarrett slasher blades: 6 x 100x12mm step
- Jarrett 'taper lock' blade bolts

## Options

- Front and/or rear rubber deflector extension guards
- Chain guard set, front and/or rear
- Solid rubber, dual rear wheel kit (suits all models)
- Galvanised body
